FEMA Disaster Declaration for the State of Alaska

The Federal Emergency Management Agency (FEMA) issued a Disaster Declaration for the state of Alaska due to an earthquake.

Declaration Date: January 31, 2019

Incident Period: November 30, 2018 and ongoing

The following boroughs were identified by FEMA:

Anchorage, Kenai Peninsula, and Matanuska-Susitna

If the subject property is located in one of the above boroughs and the appraisal was completed on or before November 30, 2018 HomeBridge will require one of the following:

- An Appraisal Update and/or Completion Report (Fannie Mae Form 1004D), **or**
- A Desktop Underwriter Property Inspection Report (Fannie Mae Form 2075), **or**
- Catastrophic Disaster Area Property Inspection Report (CDAIR); refer to [HomeBridge Bulletin 17-23](#) for details, **AND**
- VA transactions **only** (when appraisal was required). A signed Lender and Veteran Certification

HomeBridge prefers the original appraiser provide the 1004D/2075/Catastrophic Disaster Area Property Inspection Report (CDAIR) however HomeBridge will accept the report from any appraiser as long as the original Appraisal Management Company assigns the appraiser (i.e. if the original appraisal order was placed through Assurant, the 1004D/2075/CDAIR must also be ordered through Assurant).

A 2075/CDAIR is also required on the following:

- A DU Refi Plus transaction or any property that received a property inspection waiver (PIW) from DU or an automated collateral evaluation (ACE) from LPA.

NOTE: A 2075/CDAIR is **not required** on an FHA Streamline or VA IRRRL transaction

The 1004D, 2075, or CDAIR must comment on the effect the disaster had on the value and marketability of the subject property. In the event significant damage is indicated on the 1004D, 2075, or CDAIR additional conditions may apply.
