203(k) Standard and Limited Comparison Guide

	Standard	Limited
Condo Eligibility	<p>Standard and Limited programs, condos are subject to the following:</p> <ul style="list-style-type: none"> • Condo must be located in a condominium project approved by HUD at time of case number assignment. • Rehabilitation limited to the interior of the unit. Rehabilitation of the exterior of the condo, or any area that is the responsibility of the condominium association is not allowed with the exception of installation of firewalls in the attic for the unit. • Maximum mortgage cannot exceed 100 percent of the after-improved value. • Rehab at any one time is limited to the lesser of: <ul style="list-style-type: none"> - 5 units, or - 25% of the total number of units in the project. • The individual condo building cannot have more than 4 units in the subject property building. HUD allows greater than 4 units in a building only when the renovation reduces the number of units to 4 or less. The project as a whole can have more than 4 units (i.e. the project consists of 5 buildings, each with 4 units, for a total of 20 units in the project). • Projects made up of attached townhomes are not subject to the 4 unit per building restriction. HUD considers each townhome an individual building as long as each unit is separated by a firewall that reaches from the foundation to the roof and is rated 1 ½ hours. 	
Manufactured Eligibility	<p>Manufactured housing is eligible subject to applicable manufactured housing requirements in addition to 203(k) requirements and the following:</p> <ul style="list-style-type: none"> • The renovation/rehabilitation cannot affect any structural components of the manufactured home that were designed and constructed in compliance with the Federal Manufactured Home Construction & Safety Standards.
