If the subject property is located in one of the above counties and the appraisal was completed on or before the **End Date** (see date under “Re-inspection Required when Appraisal Completed” column) the following is required:

- An Appraisal Update and/or Completion Report (Fannie Mae Form 1004D), **OR**
- A Desktop Underwriter Property Inspection Report (Fannie Mae Form 2075), **OR**
- A Catastrophic Disaster Area Property Inspection Report (CDAIR). The Report name varies by AMC; refer to [Homebridge Bulletin 17- 23](#) for details, **AND**
- Homebridge will confirm the insurance is “fully in force” or “full bound” on the day of closing, **AND**
- VA transactions **only** (when appraisal was required): A signed Lender and Veteran Property Certification

Homebridge prefers the original appraiser provide the 1004D, 2075, or CDAIR, however, Homebridge will accept the report from any appraiser as long as the original AMC assigns the appraiser (i.e. if the original appraisal order was placed through StreetLinks, the 1004D or 2075 must also be ordered through StreetLinks)

Hurricane Ian ONLY (Florida)

- **ALL TRANSACTIONS:** A **Property Condition Certification**, signed with the closing docs, is required for **all** transactions (regardless of whether or not an appraisal was obtained). If an appraisal waiver/ACE offer applies to the transaction, all appraisal waiver/ACE offer requirements must be met.

Hurricane Ian ONLY (Florida)

- **Fannie Mae/Freddie Mac Purchase Transactions ONLY:** A licensed contractor or home inspector may complete an inspection in lieu of the appraiser completing a 1004D, 2075, or CDAIR subject to the following:
 - A signed statement from the contractor or Home inspector on company letterhead, **and**
 - The statement must include the subject property address and the date the inspection was completed (inspection date must be **after** the incident period end date), **and**
 - The statement must confirm there has been no damage to the property

ALL TRANSACTIONS (excluding Hurricane Ian – see above for Ian requirements):

- A **Borrower Affidavit of No Damage**, signed with the closing docs, is required for **all** transactions (regardless of whether or not an appraisal was obtained).
- If an appraisal waiver/ACE offer applies to the transaction, **all appraisal waiver/ACE offer requirements must be met** (refer to the FNMA/FHLMC guidelines posted on the [Products and Guidelines](#) page for complete requirements). **Additionally, a drive-by appraisal is required even if the appraisal waiver/ACE offer was retained. If the appraisal waiver/ACE offer is not retained, a full appraisal is required, regardless of AUS findings**

Footnotes:

1. The 1004D, 2075, or CDAIR must comment on the effect the disaster had on the value and marketability of the subject property
2. An inspection/CDAIR is not required on FHA Streamlines and VA IRRRLs
3. The appraiser must continue to comment on any impact to value and marketability the disaster had on the subject property located in a county identified in a FEMA Disaster Declaration **for 90 calendar days after the end date of the Incident Period**
